A SUMMER AND FALL GARDEN WILL SUPPLY FALL AND WINTER VEGETABLES

A Summer and Fall garden will prove a source of both pleasure and profit. Profitable crops of a number of fine vegetables can be sown during the months of July, August, September and October assuring you of a plentiful supply of fresh vegetables during the Summer and Winter.

Look carefully over this special planting list and order now the vegetable seeds, flower seeds or plants you want to grow during the Summer and Fall. Make your garden work all the year 'round and it will pay you big dividends. You are assured of the best when you sow Van Antwerp's tested true to name seeds—the standard for over fifty years.

SPECIAL NOTICE. Our Fall price list of bulbs such as Hyacinths, Tulips, Daffodils, Narcissus, Crocus, Lily of the Valley, etc., will be mailed you in August. Don't buy any bulbs until you get our special price list of Imported and American bulbs. Remember, October and November are the best months to plant bulbs in the South. It will pay you to wait for our special bulb price list before ordering your Fall bulbs.

BUSH OR BUNCH BEANS

Beans are one of our best Summer and Fall crops in the Southern States. They can be planted up till September and as late as October in the Gulf States and Florida. Plant in rows 18 to 24 inches apart, placing the beans 3 to 4 inches apart in the row and cover about 2 inches. Fall planted beans are ready to use in 6 to 10 weeks after planting.

Numerous Beautiful Flowers For Summer and Fall Planting

A great variety of both Annual and Perennial Flowers can be raised from seed during the Summer and Fall months. Perennial flowers, such as Snapdragons, Carnations, Pinks, Hardy Phlox, Pansies, etc., do far better in the South when the seed is sown in the fall and all of them will bloom in early spring.

ALYSSUM (Mad Wort)

No. 2019—"Carpet of Snow" or Little Gem—Pure white, very dwarf and sweet scented; the best white flowering border plant. Pkt. 10c; oz. 75c.
No. 2023—Alyssum, Saxtile Compacta, Yellow—A beautiful dwarf hardy perennial. The flowers are produced in large clusters and are of a deep pure yellow. Pkt. 15c; ¼ oz. 40c.

ANTIRRHINUM—Snapdragon

No. 2040—Vadco Farms' Mixture Tall Varieties—Pkt. 10c; ¼ oz. 40c; oz. \$1.40.
The following separate colors: Pkt. each 10c; 3 pkts. 25c. No. 2053—Blood Red. No. 2055—Deep Scarlet. No. 2059—Orange-Scarlet. No. 2016—White. No. 2063—Yellow.

BALSAM—Lady-Slipper

The old and familiar Touch-Me-Not or Lady-Slipper
No. 2170—Vadco's Farms' Tall Double Mixed. Pkt. 10c; ¼ oz. 40c; oz. \$1.25.
Separate colors in Double Balsam, 10c per pkt.; 3 pkts. 25c.

CARNATIONS

Chabaud's Everblooming carnations produce immense double flowers, some with fringed edges in a great variety of solid colors. See illustration.

No. 2320—Pkt. 25c. 2 pkts. 40c.
No. 2310—Marguerite Mixed Carnations. Pkt. 10c; 3 pkts. 25c.

BELLIS PERENNIS (English Daisy)

A low growing spring flowering plant. Loves a shady place.
No. 2210—Vadco Farms' Double Mixed—Pkt. 10c; ¼ oz. \$1.00.

CANTERBURY BELLS (Companula Medium)

No. 2280—Vadco Farms' Single Mixed—Pkt. 10c; ¼ oz. 50c
No. 2290—Double Mixed—Pkt. 10c; ¼ oz. 50c.

CALENDULA—POT MARIGOLD

No. 2240—Vadco Farms' Double Mixed—Pkt. 10c; 3 pkts. 25c; ½ oz. 35c; oz. 60c.
No. 2241—Lemon King—Large very double lemon flowers—Pkt. 10c; ¼ oz. 25c.
No. 2243—Prince of Orange—A fine deep orange; double—Pkt. 10c; ¼ oz. 25c.

CANDYTUFT

A well-known garden favorite for beds, borders and edging.
No. 2260—Vadco Farms' Fancy Mixed—Pkt. 10c; ¼ oz. 25c; oz. 75c.

COREOPSIS

No flower is longer in bloom during the whole season than Coreopsis. Color, bright yellow. Hardy perennial.
No. 2443—Pkt. 10c; 3 pkts. 35c; ½ oz. 50c.

DAHLIAS

These grand autumn flowers can be easily raised from seed.
No. 2510—Vadco Finest Double Mixed—Seeds saved from choicest double flowers, including shades of red, pink, dark maroon, yellow white, etc. Pkt. 10c; 3 pkts. 25c.

DIGITALIS (Foxglove)

No. 2580—Vadco Prize Mixed—Many shades and markings. Pkt. 10c; 3 pkts. 25c; ¼ oz. 40c.

DIANTHUS OR PINKS

Hardy annuals about one foot high, and bearing beautifully colored single and double blossoms.

No. 2550—Vadco Fancy Double Mixed Chinese—Pkt. 10c; 3 pkts. 25c; ½ oz. 75c.
No. 2560—Heddewigii (Japanese Pink)—Finest Single Mixed. Pkt. 10c; ¼ oz. 75c.

VADCO-JAPPO

Reg. U. S. Pat. Off.

The World's Newest TURNIP

INTRODUCED BY

VAN ANTWERP'S SEED STORE

Our main purpose in introducing VADCO-JAPPO TURNIP was to give the home and market gardeners of the South a New Turnip that would grow and yield a big crop in the hottest and driest weather.

Every gardener in the South has had difficulty in getting a stand of Turnips during the hot summer months of June, July, August and September, but VAN ANTWERP'S VADCO-JAPPO TURNIP has overcome all this trouble.

This wonderful new variety was produced after years of experimental work and expense, and is a distinctly new variety especially valuable for turnip greens which are always in such demand during the hot summer months in the South. It is rapidly gaining in popularity for summer and fall planting, and last year was planted by many of the leading growers in Alabama, Mississippi, Louisiana, Florida, Tennessee and Texas, and they prefer it to all other varieties for summer sowing.

We have hundreds of letters from farmers all over the South telling us of the wonderful results obtained with this new turnip. For local or nearby markets it has no equal, and when once eaten as greens it is preferred to any other variety on account of its mild flavor.

One ounce of seed will sow a 100 feet of drill—4 lbs. will sow an acre.

FOR SUMMER PLANTING

Always Makes a Crop in Hot Weather

VADCO-JAPPO TURNIP will germinate, grow and yield a big crop in the hottest and driest weather; in fact, we know many farmers who planted Purple Top Turnip but failed to get a crop on account of hot weather burning the young plants, and after plowing up their fields and planting VADCO-JAPPO TURNIP got a perfect stand.

The leaves grow upright about two feet high when fully developed, which makes it practically free from insect attacks. This is a decided advantage over other varieties of turnips.

VADCO-JAPPO TURNIP is unquestionably the best variety for turnip greens, and when cooked is very mild flavor, absolutely free of the bitter acid taste usually found in other varieties of turnip greens.

The roots are pure white, between flat and globe in shape, and are equal to any other variety for cooking purposes. However, VADCO-JAPPO TURNIP is especially a variety for turnip greens and not for roots.

The photos on this page were taken on the farm of Kelly Brothers, Mobile County, Alabama. Every year these progressive truck farmers grow many acres of our VADCO-JAPPO TURNIP during the summer months, and they claim it always makes a crop when other varieties fail on account of hot weather.

Many of the canning plants are using VADCO-JAPPO TURNIP and advising the farmers to plant it.

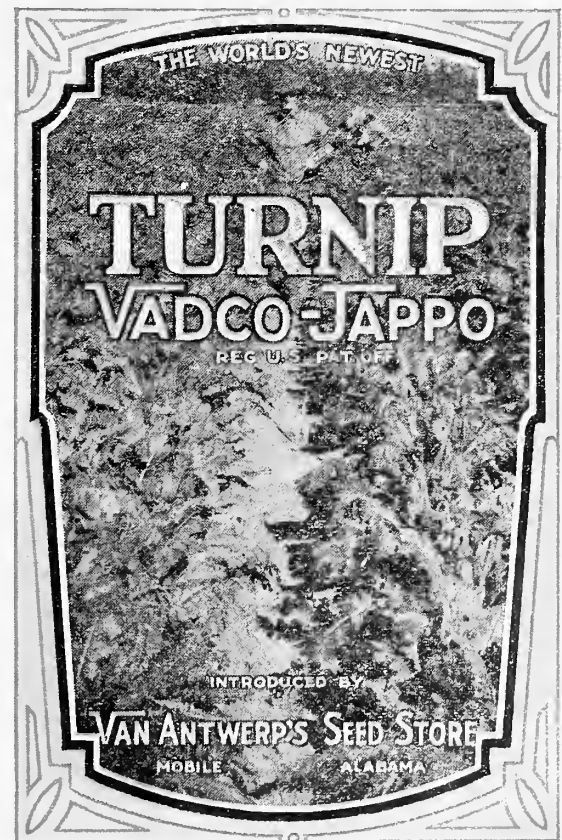

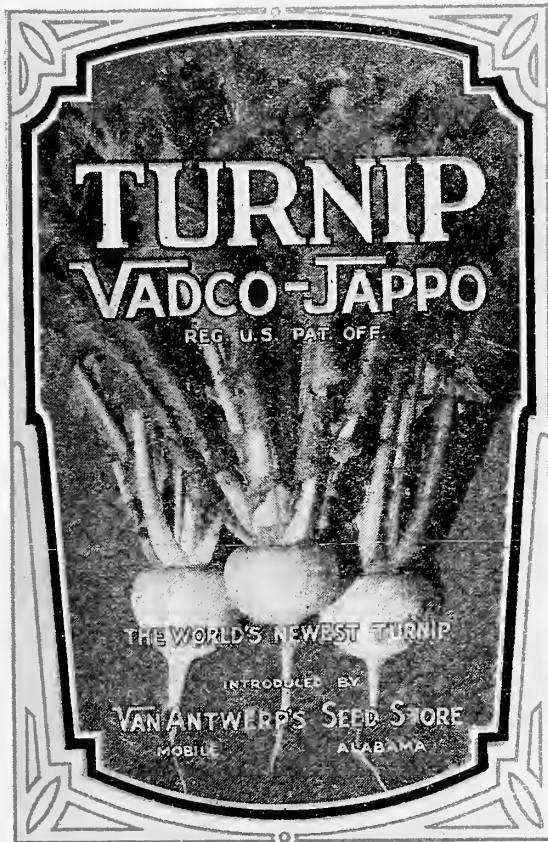

Be sure to give it a trial this summer or fall. Order early, as supply is limited.

PRICES—No. 1101—Vadco-Jappo Turnip, pkt., 10c; oz., 15c; ¼ lb., 35c; ½ lb., 65c; lb., \$1.25; 5 lbs., \$5.00 postpaid.
